Hi Leron and Nicole,

Wondering if there would be any possibility of moving the CIT meeting back to 2:30 PM on Wednesday... there is a conflict with an LAPD meeting earlier in the day and Capt. Zarcone and I are trying to arrange schedules.

Please let me know if a 2:30 start time would work; anticipate the meeting would be done by 3:30 or perhaps a bit after.

Thanks,

Linda,

I have forwarded your email to DOT. Per DOT, they have installed scrambles elsewhere without curb ramp reconstruction.

Design will begin soon and this issue will be on the radar. Let's wait and see once design begins. DOT is bringing it up to the designers. The ramps are already directly aligned with where the diagonal branches would land.

In a scramble crosswalk, the entire curb return has to be a 0-inch curb for ADA. This will cause a need for star relocations at all four corners. I have attached a photo of an example and drawn red lines where the 0 -inch curb has to be placed. This then also forces a review of drainage at the intersection as the location of catch basins comes into play.

Linda,

All of this work will be rolled out over the next couple of years, and yes, you can rest assured the Walk of Fame is a major consideration, if not THE major consideration, for anything happening on the Boulevard. You will not be caught off guard.

Can you let us know if this work is designed yet? Last time LADOT did a signal improvement at Sunset/Vine, they put the signal in the middle of the Walk of Fame. Is it possible to get included in the design phase???
